**Re: Interim Response Action Report  
Standard Chlorine Chemical Co. Inc. Site and  
Diamond Site  
Kearny, New Jersey**

Dear Mr. Karpa:

On behalf of the Peninsula Restoration Group (the Group) and Tierra Solutions, Inc. (Tierra), please find enclosed two original copies of the Interim Response Action Report (IRAR) for the Standard Chlorine Chemical Co. Inc. (SCCC) Site and Diamond Site located in Kearny, New Jersey. The IRAR documents the interim response action activities implemented at the Sites pursuant to the Interim Response Action Workplan. I am forwarding these copies to your attention pursuant to my December 22, 2011 discussion with Mr. Steve Maybury of the New Jersey Department of Environmental Protection (NJDEP) Bureau of Case Management.

In accordance with the respective Administrative Consent Orders for the two Sites, four (4) copies of this addendum are to be provided to the NJDEP on behalf of Standard Chlorine Chemical Co., Inc. (SCCC) and three (3) copies are provided on behalf of Tierra Solutions, Inc. (Tierra). As agreed with Mr. Maybury during our December 22, 2011 discussion, these additional requisite copies of the IRAR will be provided to the respective NJDEP Case Managers once we receive notice from Mr. Maybury that new case managers have been assigned to the Sites.

If you have any questions regarding the IRAR, please feel free to contact Mr. Mitchell Brouman of Beazer East, Inc. at (412) 208-8805, Mr. Enrique Castro of Tierra at (732) 246-5852 or me at (412) 279-3363.

Sincerely,

James S. Zubrow, P.G.  
Principal Hydrogeologist
